BSC COMPUTER SCIENCE FACULTY OF NATURAL SCIENCE

I finished my bachelor studies this year (2023) in computer science at the Faculty of Natural Sciences in Tirana. At the faculty, I mainly learned:

- The basics of some programming languages such as C, C++, Html, Css, JavaScript etc.
- Also engaged in a project that we undertook in the last year where my role was the design of a conference website (link at the end of the cv)
- A basic knowledge of computer networks or operating systems.
- About how to work together in a group and how to have an understanding with each other through projects that we create or undertake.
- Respecting the deadlines for the submission of tasks.

● DIGITAL SKILLS

html | css | javascript | Microsoft Office package: Microsoft Word, Excel, PowerPoint, Access | tailwind css | Vue.js (Junior) | Version Control System (Git) | React (Beginner)

● PROJECTS

01/04/2023 – 02/06/2023

Conference Platform

The idea of this school project was to create a conference platform where everyone can register in a conference that they want or are interested in. The main idea was that on our platform, the conferences would be created by the users themselves and advertised through the platform.

This project is just a design created with html and tailwind, so it is not functional but only designed.
